

# Price Quote Request for Shapes Modeling Service

To provide a realistic quotation for the Shapes Modeling Service it is important to define certain elements related to the shape. Please follow the steps below. If you wish to receive a quotation for multiple shapes, please fill out this form per shape.

Your Company:

Name of the Shape:

- 
1. What should your shape look like? Please take pictures of your shape from four different angles in a way that all the curves, lines etc. of the shape are visible. Send the pictures to [shapes@esko.com](mailto:shapes@esko.com) and specify the name of the shape.
- 
2. We need to know in advance on which part of the shape you will place artwork, please specify the printable parts.
- Front label  
Back label  
Top label  
Shrink sleeve  
Body is one large printable part  
Other, specify:
- Total number of printable areas:
- 
3. What would you like to use the shape for?
- Create 3D PDF files with Studio Designer  
Create snapshots or movies with Studio Visualizer  
Use the shape in ArtiosCAD  
To do artwork distortion in Illustrator with Studio Toolkit for Shrink Sleeves. ( Physical grid sample required! )  
Other, specify:
- 
4. Will you require multiple variations of this specific shape (e.g. different sizes or colors)? if yes, please specify.
- 
5. If the content of the package is visible, what would you like us to do with this? Should it look true-to-nature? (It could be that the modeling of true-to-nature content will take extra time)
- Content is not visible or not required  
Include the content, but not necessarily realistic  
Include the content as realistic as possible
- 
6. Before we can start modeling the shape we need you to supply sample artwork and a physical sample or 3D CAD files of the shape (All data will be treated confidentially). You do not have to supply this to complete this form, but we need to know in advance what you will choose to supply. A 3D CAD file can save modeling time, especially with rigid containers.
- Physical sample and sample artwork file  
3D CAD file and sample artwork file
- 
7. Do you have concerns or remarks?

Click [here](mailto:shapes@esko.com) to send this form to [shapes@esko.com](mailto:shapes@esko.com).  
Don't forget to include the pictures.

After we receive this completed form and the pictures we will provide you the specified quotation within 3 working days. If you choose to proceed in the process and all the needed data has been collected the modeling will start. This will take a maximum of two weeks. When the modeling is completed you will receive a collada file and PDF artwork template.
